## Our Accommodation

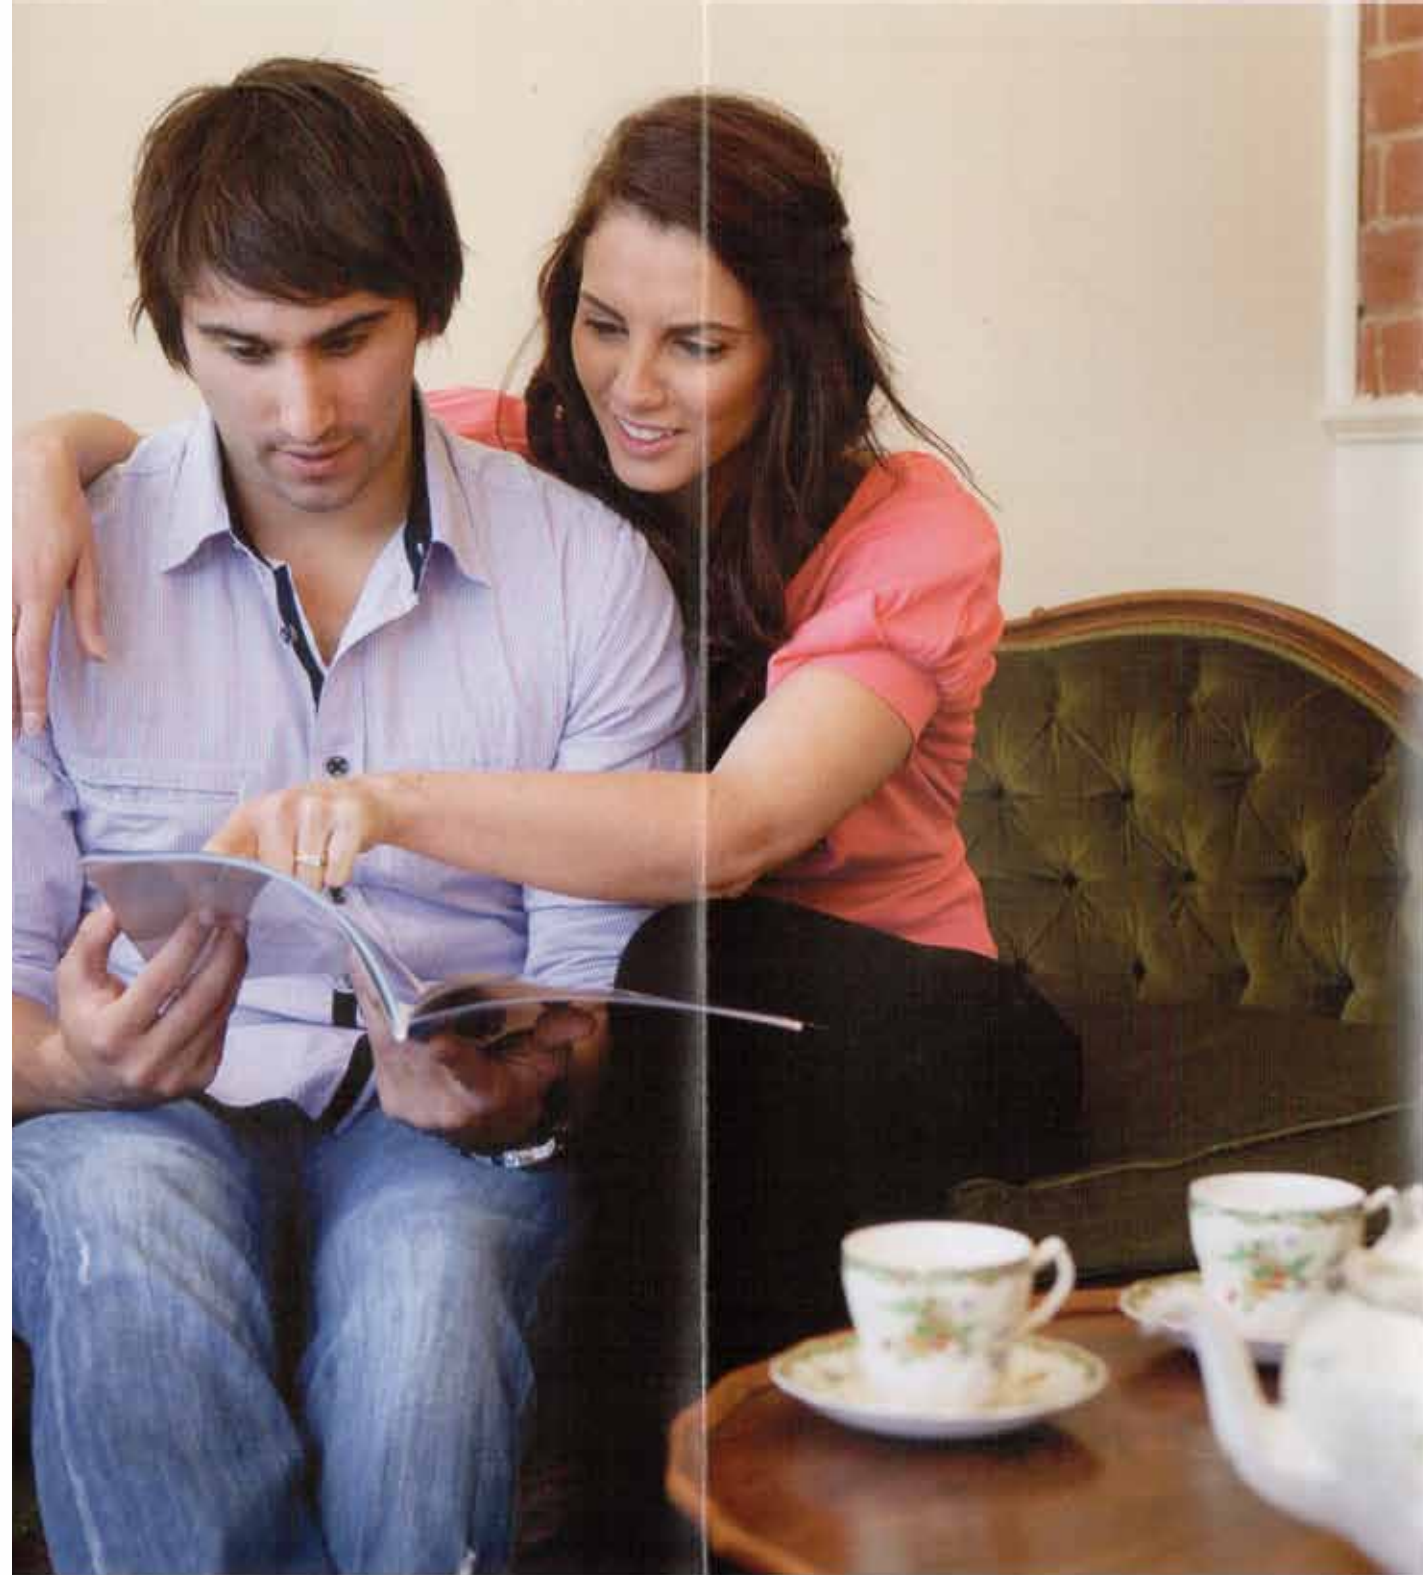

Our beautifully furnished rooms can accommodate 27 guests, with a flexible mix of double and twin rooms, a family room for four and a loft to sleep six. And cots can be added.

Original Murray pine ceilings, polished timber side tables and chests, classic English-styled carpeting in rich burgundy, velvets and brocades, rattan, china and crystal all combined to recreate the atmosphere and comfort expected by the adventurous traveller in Queen Victoria's reign.

All rooms include:

- Ensuite bathrooms
- Fridge
- Hair dryer
- Tea and coffee making facilities
- Flatscreen television and DVD
- Electric blankets
- Split-system air-conditioning

For a totally secluded stay enjoy our 2 bedroom self contained unit located right in the heart of Echuca featuring spa & small courtyard with BBQ.

## Stay close to the action at the Steampacket Inn

After you take breakfast in our traditional dining room or provence-style courtyard, step outside into the historic 19th century Port of Echuca.

We are located closer than any other accommodation to the majestic wharf, the hub of the river trading which opened up inland Australia.

Come walk the steps of the yesteryear's river man, smell the smoke from the boat engines, hear the nostalgic whistles that have sounded out around the bends of the Murray River for more than 150 years.

By staying at the Steampacket Inn, you'll find yourself in the middle of so many of the best festivals, markets, major sporting events, races, live theatre shows and concerts.

Feel the excitement of being here... on the very spot.
